Dear Mr. Crutchfield:

We have received written notification from Andrew Robinson that you have inadvertently disturbed approximately 1.16 acres outside of the area approved in your current plan of operations. Mr. Robinson has informed us of the measures that you have taken to avoid any further disturbance in this area and any future disturbances of this nature.

Mr. Robinson also indicates that you are currently working on a mining plan revision that will include the disturbed area. As the disturbed area is to be included in your revised mine plan and as you have taken measures to prevent any further disturbance within the area of unauthorized disturbance, you will not be required to undertake reclamation at this time. Within 90 days of receipt of this letter, you must submit to this office either the revised plan of operations or a reclamation plan for the unauthorized disturbance.

If you have any questions please contact Ron Teseneer at (801) 743-6811.

Sincerely,

Rex Rowley
Area Manager
